

# **Additional Set Of Dimension Statements That Extend The WeSH Ideals Values Section**

Kevin A. Sensenig    Draft 1.02.1    2025 May 12

This set is to extend the excellent set of values that WeSH has on its printed list. This is meant to be integrated, dimensioned, and implemented as applied in a participant way that incorporates the individual, team, WeSH, and society.

1. Respect for cultural, religious, and individual content and similarities and differences.
2. The respect for, annotation, and development of the individual's capacity to grow, thrive, achieve and the context for that.
3. The fostering of the individual's Independent status in a communal environment.
4. The development of virtue, liberty, independence, ethics, protocol, interconnectedness.
5. A multilateral trust partnership.
6. A multilateral rights partnership.
7. The development of shared, dialogic co-construction of knowledge(s).
8. The development of shared, dialogic co-construction of an ontological space, presence, and fact, consistent with freedom, rights, experiential liberation, and insight.
